For our German locations in Idstein and Ottobrunn as well as for our other global locations in Europe, South America and Asia, we offer exceptional career prospects and outstanding career opportunities in a growing company.

Electronics Technician (m/f/d) for the system wiring of special systems

Full time – permanent contract – immediate start of work – in Idstein/Taunus, Germany

What you can expect from us:

- Demanding, varied tasks with your own creative scope
- Extensive induction and individual career planning with your own training budget
- Attractive social benefits, including company pension plans and capital-forming schemes
- Modern workplace and flexible working hours (flexitime model)

Your duties:

- Electrical installation is your passion - you make our special systems ready for operation
- As a template, you receive circuit diagrams, terminal diagrams and assembly diagrams from your direct colleagues.
- You assemble sensors and actuators and make plug connections routinely.
- Order and overview are particularly important to you, you label all lines and ensure clarity
- When commissioning on site at customers (occasionally 1-3 days), you can directly recognize your work results

That's why you:

- You are an electronics expert and have successfully completed your training as an electronics technician in the fields of automation technology, energy systems, operating technology, as an electrical system installer or similar
- Due to your professional experience you have already carried out machine installations
- Independent, goal-oriented and conscientious and at the same time absolutely team-oriented - that's you!
- Ideally, if you also have S7 knowledge you are exactly right with us

We made you curious? Take on an important role with us and send us your complete application. incl. salary expectations and earliest possible starting date by e-mail to bewerbung@innomatec.de
